Respected,

ONGC land production officer, Ankleshwar.

Subject - To demand Bioremediation process and compensation for our farm.

I am maheshbhai bhailalbai and my village is Ambhel. My land is located in the area of Goladara. The land survey no. is 216 and area is 3-09-50 hectare. Here is your oil pipeline in our farm(Which comes from Goladara to Ambhel).

This pipeline was cracked and blasted due to this our fertilize land was spoiled and We can not grow any kind of crop now as well as in future.

Therefore we have got loss of our land and its soil moreover we have lost crop now and future also. We are demanding now Bioremediation process for our farm from you to fertilize land as soon as possible.

Also We have to do filling of soil in our land henceforth We are also demanding compensation for that work from you.

Thanking you.

Farmer,

Maheshbhai bhailalbai.
